Our experience is your result!

Straathof Young Plants is an export company that has grown through years of specialisation in chrysanthemum cultivation and the distribution of a wide range of pot and bedding plants. Every day, we expand the possibilities for our customers. The consistent quality of our products is built on in-depth expertise in breeding, propagation and innovation. We stand for personal service and hassle-free trade in high-quality Dutch young plants.

Typically Dutch

Our production facilities in the Netherlands, Kenya, Tanzania, South Africa, Uganda, Ethiopia and other countries operate efficiently and meet the latest technological standards. Cultivation is overseen by Dutch experts from the heart of the global ornamental horticulture industry. This ensures top quality and optimum returns. Our customers value the Dutch way we do business: solution-oriented, reliable and always focused on adding value.

Your One-Stop Shop for Growth

We offer a broad, innovative and market-driven range of virus- and disease-free cuttings. Our assortment is continuously evolving to meet changing market demands. Straathof Young Plants is the one-stop shop for European growers seeking quick and easy access to high-quality Dutch young plants. As a family business established in 1960, we place great importance on personal contact, direct communication and long-term relationships. This enables us to provide effective knowledge transfer and technical support.

A Network of Expertise

We work closely with Dümmen Orange, a global leader in the breeding and sale of ornamental plants. We also maintain strong relationships with renowned suppliers such as Floritec, Kötterheinrich, KP Holland and many others. In addition, we distribute garden chrysanthemums and summer flowers across Europe, sourced from carefully selected Dutch growers.

From left to right: Jimmy Wennekers, Hans Straathof, Jaco Lenten and Tristian Bentvelsen.

Your Trusted Partner

In 2005, we acquired Greneth Plants, a company specialising in exports to Greece, Eastern Europe and the Middle East. In 2019, the two companies merged to form Straathof Young Plants, bringing together a strong organisation and an extensive network. Today, we overcome logistical challenges throughout Europe and far beyond. With personal service and a strong commitment to sharing knowledge, we are ready to be your trusted partner. Our goal is to improve your returns and help your business grow.

We look forward to working with you.

Unsere Erfahrung ist Ihr Ergebnis!

Straathof Young Plants ist ein Exportunternehmen, das sich durch langjährige Spezialisierung auf den Chrysanthemenanbau und den Vertrieb von Topf- und Beetpflanzen erfolgreich entwickelt hat. Jeden Tag erweitern wir die Möglichkeiten für unsere Kunden. Die hohe Qualität unserer Produkte basiert auf fundiertem Wissen in Züchtung, Vermehrung und Innovation. Persönlicher Service und reibungsloser Handel mit niederländischen Jungpflanzen – dafür stehen wir.

Typisch niederländisch

Unsere Produktionsstandorte in den Niederlanden, Kenia, Tansania, Südafrika, Uganda, Äthiopien und weiteren Ländern arbeiten effizient und nach modernsten technologischen Standards. Niederländische Experten leiten den Anbau – aus dem Land, das weltweit für seine Zierpflanzenbranche bekannt ist. Das garantiert hohe Qualität und optimale Erträge. Unsere Kunden schätzen unsere typisch Niederländische Geschäftsweise: lösungsorientiert, zuverlässig und stets darauf bedacht, echten Mehrwert zu schaffen.

Alles aus einer Hand für Ihren Erfolg

Wir bieten ein breites, innovatives und marktorientiertes Sortiment virus- und krankheitsfreier Stecklinge, das kontinuierlich weiterentwickelt wird. Straathof Young Plants ist der One-Stop-Shop für europäische Gärtner, die schnell und unkompliziert hochwertige niederländische Jungpflanzen suchen. Als Familienunternehmen mit Tradition seit 1960 setzen wir auf persönlichen Kontakt, kurze Kommunikationswege und langfristige Partnerschaften. So gewährleisten wir optimalen Wissenstransfer und kompetente technische Unterstützung.

Ein starkes Netzwerk an Know-how

Wir arbeiten eng mit Dümmen Orange zusammen, einem weltweit führenden Unternehmen in der Züchtung und Vermarktung von Zierpflanzen. Zudem pflegen wir enge Beziehungen zu renommierten Lieferanten wie Floritec, Kötterheinrich, KP Holland und weiteren Partnern. Darüber hinaus sind wir europäischer Vertriebspartner für Gartenchrysanthemen und Sommerblumen ausgewählter niederländischer Gärtner.

We are committed to delivering the highest possible quality, with care and attention to every detail.

Ihr zuverlässiger Partner

Im Jahr 2005 übernahmen wir Greneth Plants, spezialisiert auf den Export nach Griechenland, Osteuropa und in den Nahen Osten. 2019 wurden beide Unternehmen zu Straathof Young Plants zusammengeführt – mit einer starken Organisation und einem weitreichenden Netzwerk. Heute meistern wir logistische Herausforderungen in ganz Europa und darüber hinaus. Mit persönlichem Service und intensivem Wissensaustausch stehen wir Ihnen als zuverlässiger Partner zur Seite. Unser Ziel: Ihre Wirtschaftlichkeit zu verbessern und Ihren Erfolg nachhaltig zu steigern.

Wir freuen uns darauf, mit Ihnen zusammenzuarbeiten.

La nostra esperienza è il tuo risultato!

Straathof Young Plants è un'azienda di esportazione cresciuta grazie a una lunga esperienza nella coltivazione dei crisantemi e nella distribuzione di un'ampia gamma di piante da vaso e da aiuola. Ogni giorno ampliamo le opportunità per i nostri clienti. La qualità costante dei nostri prodotti si fonda su una profonda conoscenza del miglioramento genetico, della propagazione e dell'innovazione. Offriamo un servizio personalizzato e un commercio senza preoccupazioni di giovani piante olandesi: è questo il nostro impegno.

Tipicamente olandesi

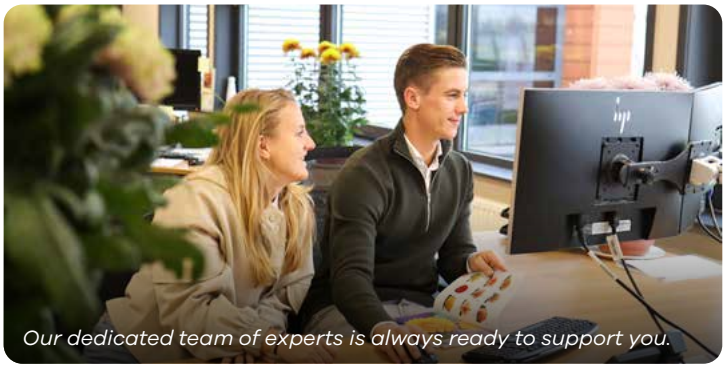

I nostri siti produttivi nei Paesi Bassi, in Kenya, Tanzania, Sudafrica, Uganda, Etiopia e altri Paesi operano in modo efficiente, rispettando i più moderni standard tecnologici. La produzione è guidata da esperti olandesi, provenienti da un Paese di riferimento mondiale nel settore florovivaistico. Questo garantisce qualità eccellente e resa ottimale. I clienti apprezzano il nostro approccio tipicamente olandese: orientato alle soluzioni, affidabile e sempre volto a creare valore aggiunto.

Un unico partner per la vostra crescita

Offriamo un assortimento ampio, innovativo e orientato al mercato, composto da talee esenti da virus e malattie, in costante evoluzione. Straathof Young Plants è il partner unico per i coltivatori europei che desiderano accedere rapidamente e facilmente a giovani piante olandesi di alta qualità. Come azienda familiare attiva dal 1960, valorizziamo i rapporti personali, la comunicazione diretta e le relazioni durature, garantendo un efficace trasferimento delle conoscenze e un supporto tecnico qualificato.

Una rete di competenze

Collaboriamo a stretto contatto con Dümmen Orange, leader mondiale nel miglioramento genetico e nella commercializzazione di piante ornamentali. Manteniamo inoltre solide relazioni con fornitori rinomati come Floritec, Kötterheinrich, KP Holland e molti altri. Siamo anche distributori europei di crisantemi da giardino e fiori estivi provenienti da coltivatori olandesi accuratamente selezionati.

Our dedicated team of experts is always ready to support you.

Il vostro partner di fiducia

Nel 2005 abbiamo acquisito Greneth Plants, specializzata nell'esportazione verso Grecia, Europa orientale e Medio Oriente. Nel 2019 le due aziende si sono unite, dando vita a Straathof Young Plants: un'organizzazione solida, sostenuta da una rete capillare di contatti. Oggi affrontiamo e risolviamo sfide logistiche in tutta Europa e oltre. Grazie al servizio personalizzato e alla condivisione delle conoscenze, siamo pronti a diventare il vostro partner di fiducia. Il nostro obiettivo è migliorare la vostra redditività e contribuire al vostro successo.

Non vediamo l'ora di iniziare a collaborare con voi.

¡Nuestra experiencia será su éxito!

Straathof Young Plants es una empresa exportadora que ha consolidado su posición gracias a décadas de especialización en el cultivo de crisantemos y la distribución de una amplia variedad de plantas en maceta y de temporada. Cada día ampliamos las oportunidades de nuestros clientes. La calidad constante de nuestros productos se basa en un profundo conocimiento de la mejora genética, la propagación y la innovación. Ofrecemos un servicio personalizado y facilitamos el comercio de planta joven holandesa para que nuestros clientes trabajen con total tranquilidad.

El sello de calidad holandés

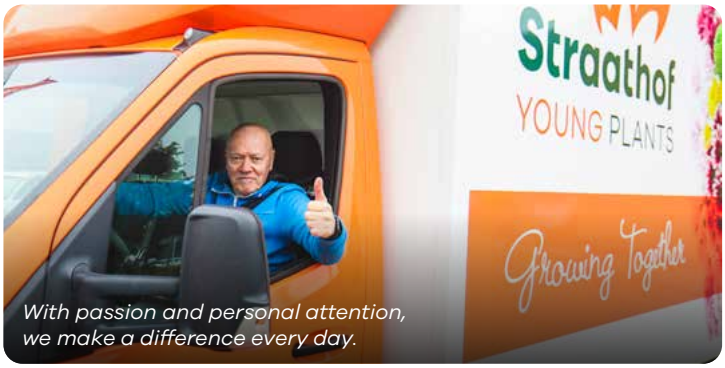

Nuestros centros de producción en los Países Bajos, Kenia, Tanzania, Sudáfrica, Uganda, Etiopía y otros países operan de forma eficiente y con tecnología avanzada. El cultivo está supervisado por expertos holandeses, procedentes de uno de los países líderes mundiales en horticultura ornamental. Esto garantiza una calidad superior y una rentabilidad óptima. Nuestros clientes valoran nuestra forma de hacer negocios, propia de los Países Bajos: orientada a soluciones, fiable y centrada en aportar valor añadido.

Todo lo que necesita para crecer

Ofrecemos una amplia gama de esquejes innovadores, adaptados al mercado y libres de virus y enfermedades. Nuestro catálogo se renueva continuamente. Straathof Young Plants es el proveedor integral de referencia para productores europeos que buscan un acceso rápido y sencillo a planta joven holandesa de alta calidad. Como empresa familiar desde 1960, valoramos el trato personal, la comunicación directa y las relaciones duraderas. Así garantizamos una transmisión eficaz del conocimiento y un sólido apoyo técnico.

Una red de conocimiento

Colaboramos estrechamente con Dümmen Orange, líder mundial en mejora genética y comercialización de plantas ornamentales. También mantenemos relaciones sólidas con proveedores de prestigio como Floritec, Kötterheinrich, KP Holland y muchos otros. Además, distribuimos en Europa crisantemos de jardín y flores de verano de una selección de productores holandeses de confianza.

With passion and personal attention, we make a difference every day.

Su socio de confianza

En 2005 adquirimos Greneth Plants, especializada en la exportación a Grecia, Europa del Este y Oriente Medio. En 2019, ambas empresas se fusionaron para crear Straathof Young Plants, una organización sólida con una amplia red de contactos. Hoy resolvemos retos logísticos en toda Europa y más allá. Gracias a nuestro servicio personalizado y al intercambio de conocimientos, estamos preparados para ser su socio de confianza. Nuestro objetivo es mejorar su rentabilidad e impulsar su éxito.

Esperamos con ilusión la oportunidad de trabajar con usted.

Discover Intrinsa®
plants powered for a greener future.

Intrinsa® brings advanced techniques through traditional breeding with the ambition of creating sustainable and economically viable plants for a greener future.

Connecting the world
Intrinsa allows for greater accessibility of plant material produced from more countries worldwide for a broader availability to your garden.

Transforming supply
Intrinsa advanced breeding techniques help make crops more reliable for greenhouse and nursery growers, ensuring a steady supply of your favorite blooms.

Making homes and gardens greener
Intrinsa technology identifies unique DNA patterns with natural disease resistance, reducing pesticide needs using these innate genetics.

Invest in the future
By investing in the Intrinsa® brand

Stronger, healthier plants
By advanced breeding technology

True beauty comes from within
Plant power breeding by Intrinsa®

Look for the icon
Look for the Intrinsa® icon to identify chrysanthemum varieties which have high resistance to CWR for a more sustainable and economically protected future.

Imagine a future where Garden Chrysanthemum White Rust is a worry of the past.

Intrinsa®breeding with Garden Chrysanthemum – Your best defense against White Rust comes from the plant power within.

Intrinsa® from Dümmen Orange brings varieties to the market using the science of advanced breeding where the desired approach for developing improved performance on high disease resistance is identified. As a result of this breeding approach, the Intrinsa® collection of chrysanthemum now offers you a natural defense against CWR infections from the plant power within. Resistant varieties do not show any symptoms and do not cause spread of the fungus.

INTRINSA™
plant power

DÜMMEN ORANGE™

Garden Mum

Innovation

Years of development have resulted in an extensive assortment for all customers and conditions. Our innovations allow growers to choose unique novelty varieties or family combinations or that are perfectly suited to each production environment and product program.

Vitality

The unique Vitamum assortment shines with large flowers in bold and fresh colors. They offer disease resistance and are selected for extended color retention, resulting in straightforward production and a long shelf life to expand the selling window.

Perfection

Small details build the foundation for a strong program, and we focus on perfecting those details in our variety collections, uniform Confetti Garden™ combinations, and retail solutions.

Strong genetics. Tailored to your growing conditions.

Floritec
CUSTOMIZED BREEDING

At Floritec, successful breeding starts with understanding the needs of growers and their markets. Through our Customized Breeding approach, we develop distinctive, high-quality varieties of cut, pot and garden chrysanthemums, pot celosia and pot asters, tailored to local growing conditions, climates and market requirements.

Working closely with customers and partners worldwide, we develop varieties that combine reliable performance and consistent quality, with particular attention to tolerance to pests and diseases. Our goal is to develop resilient varieties that support efficient, sustainable production and help growers succeed in their markets.

With Floritec, you gain more than innovative genetics. You gain a dedicated breeding partner who understands your challenges and develops varieties tailored to your needs.

Floritec – Customized Breeding. Strong varieties, developed around your needs.

Twisted Amethist®

Celosia: Strong, Colourful and Versatile

At Floritec, Celosia varieties are bred from cuttings, resulting in strong plants with excellent vase life and compact growth. The Intenz series stands out for its colourful flower spikes, strong branching and good weather resistance, making it suitable for both indoor and outdoor use. The Twisted series features robust, low-maintenance plants with unique flower shapes. Together, these two series offer a versatile range with striking colours and a distinctive appearance.

About KP Holland

Breeding, propagating and producing the most beautiful plants is in our genes. We always aim for the highest achievable and growing success for growers and trading partners. We strive for plant excellence.

Products

At KP Holland, we breed and grow three distinctive plant varieties:

Rosalina™ Kalanchoe
Unrooted cuttings
A wide color palette, evenly filled flower heads and compact dark leaves.

Cupido™ Spathiphyllum
Seedlings & tissue culture
Air-purifying, strong plant habit, bright white flowers and deep dark green leaves.

Siam™ Curcuma
Tissue culture
Very beautiful flower shape, from deep purple to bright white, sturdy leaves and uniform cultivation.

Growing success for growers

As a breeder, propagator and producer, we develop and distribute distinctive plants worldwide, together with growers and trading partners. By combining these disciplines under one roof, we use the latest techniques and extensive practical knowledge to develop and thoroughly test our varieties. Only after the products have proven their stability, uniformity, durability and market potential, they enter the market.

Our goal? Create growing success for growers while bringing attractive, high-quality plants to consumers worldwide, contributing to a greener and healthier living environment.

Hydrangea

KÖTTERHEINRICH
hortensienkulturen

Hydrangeas are very special plants. Kötterheinrich offers only the best, most beautiful and healthiest hydrangeas. This has made Kötterheinrich a leading hydrangea supplier in Germany.

Kötterheinrich young plants are available from calendar week 15 to 29 and are supplied in 4 cm paper pots. This makes them ideal for potting in greenhouses or directly outdoors.

The pre-finished plants variants are virtually limitless. This is because the cuttings are available in pot sizes of 10.5 cm to 17 cm.
